

CURIO

BY MOSAIC

welcome home

Congratulations on taking ownership of your beautiful apartment in Curio by Mosaic.

Our third project for Mt Gravatt, Curio combines exceptional design and finish with an unbeatable lifestyle location. It is another exciting milestone for us to have now handed over the keys to you, the new owner.

Of course, our commitment to you doesn't stop here. As part of our promise of delivering enduring value, we maintain the management and care-taking rights of all our properties for at least 25 years post-completion, so you can rest assured that your home is not only well built, but that it will also be beautifully maintained for the life of your investment.

So should you have questions about anything at all, be it now, or in one, two or five or more years' time, we will always be here to assist.

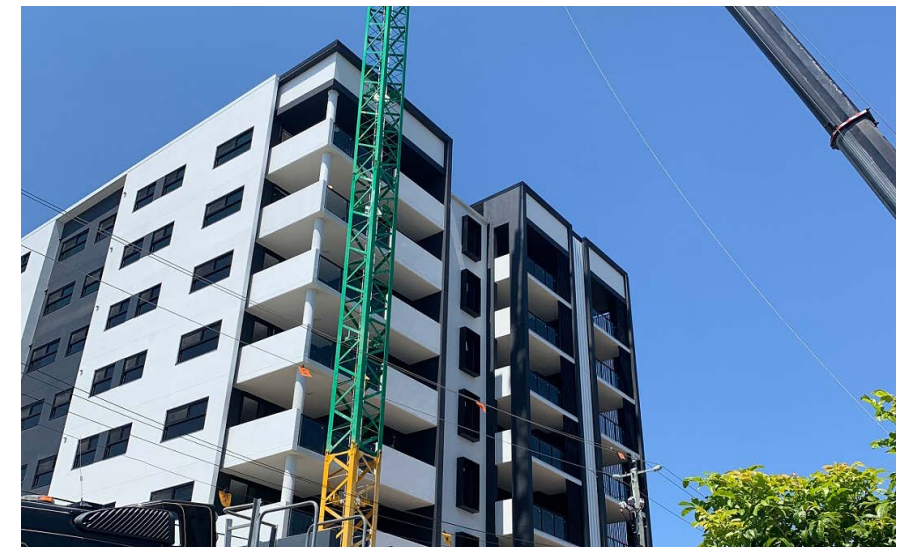

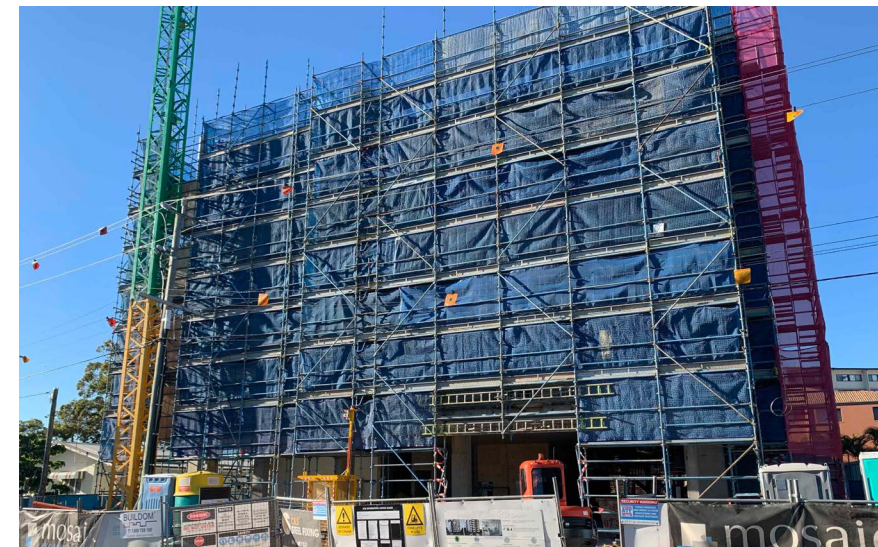

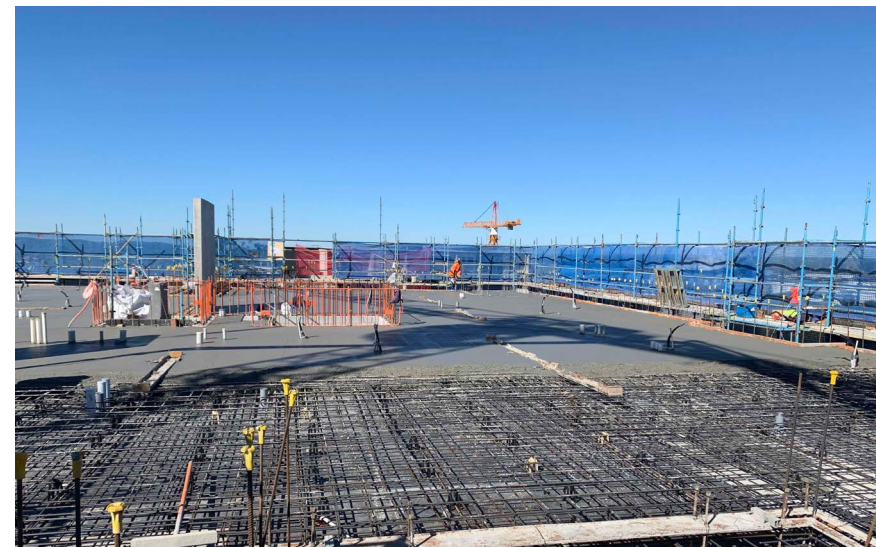

Your home is where the heart is – and our heart is where your home is.
